

**GROW YOUR CAREER DOWN UNDER****AUSTRALIA****THE PERFECT WORK-LIFE BALANCE**

Senior Resident Medical Officer - Acute Medicine

What we can offer you.....why choose one speciality when you can rotate across a couple!

Where you'll be working

You will be working in our dynamic Network sites which include: John Hunter the major tertiary teaching hospital, Maitland Hospital and Belmont Hospital. These sites offer fantastic metropolitan experiences with an exciting range of allocations available that you can preference according to your training needs. All sites are an easy commute from beautiful Newcastle City Centre.

What you'll be doing

The **Acute Medicine Senior Resident Medical Officer (SRMO)** The SRMO role is a key medical team member in which you will be working closely with a team of Specialists, Fellows, Registrars and Residents in a variety of acute terms. This network role provides extensive hands on experience in a broad range of specialities with excellent training. These roles are multi-disciplinary, team based with solid senior medical leadership and support. This is a unique opportunity for you to solidify your skills and help you gain entry to training for Colleges such as ACEM, RACP, RACGP & CICM. You will be providing effective medical services to patients under supervision in a complex clinical environment whilst encouraging your professional development in a variety of adult general medicine, acute, sub-speciality, emergency terms based in the Greater Newcastle area.

What we can offer you

Multiple educational opportunities are available including term-based education programs, access to subspeciality meetings, Network based events and a superb Hospital Non Specialist Skills program. Term based education is offered with a Network Education Program with a Hospital Non Specialist program.

Our District also offers a Work Based Assessment Program for those wishing to obtain General Registration with AHPRA.
