ITAM Course

Dates 0830-1630

Wednesday, 29 May 2024

Friday, 13 September 2024

Friday, 6 December 2024

7
CPD HOURS

Suitable for Medical and nursing staff working in acute care areas including intensive care and close observation units, emergency departments, retrieval and trauma teams, and rural and remote clinicians

Prerequisites Familiarity with basic airway skills

Location HNE Simulation Centre, John Hunter Hospital Campus

Aim

To develop a systematic approach to managing airway emergencies

Outline

This course will provide a foundation in airway management for clinicians working independently, or with limited support or supervision, in acute care settings and rural and remote areas.

At the end of this course you will have an individual airway management plan tailored to your setting and your skills.

Content

Topics include:

- Equipment selection
- Rapid sequence induction
- Strategies for failed intubation and difficult airway
- 'Rescue' techniques including surgical airway
- Teamwork during clinical emergencies

Cost

(incl GST)

HNE Nurses	\$119	HNE Medical Officer Consultant, incl VMO	\$1041
External Nurses	\$411	External Consultant	\$1617
HNE Medical Officer Trainee	\$821		
External Trainee	\$871
